

Job Description

About us:

Cooperative Veterinary Care has an immediate opening for a PART to FULL time CERTIFIED Veterinary Technician to join our team.

Cooperative Veterinary Care is a worker-owned cooperative, which means that it is owned by the workers! From assistants, CSR, CVTs, to veterinarians, every worker has a right to be heard and take part in major decision making of the business! New workers have the opportunity to purchase a share in the practice and have member voting rights in 1-2 years.

Both locations are 20 year established veterinary clinics that currently offer surgery, dentals, in house laboratory testing, digital radiography, digital dental radiography, and individualized patient care.

We are seeking a Certified Veterinary Technician who can multitask in a fast paced environment. Client communication is also a large aspect of this role, which includes client education on wellness, chronic disease management, acute illness, as well as phone and in person triage. Your Vet Tech skills will be utilized to their fullest potential, from surgery to appointments and daily clinic tasks.

We also place an emphasis on our employee's quality of life in and out of the clinic.

Experience: Experience preferred, but new grads are welcome to apply.

Credentials: Must hold a current WI State License

Wages: Based on experience (\$19.96 for newly licensed with no experience, and increases based on experience)

Benefits: 401k Matching, Holiday pay, Paid Time Off, Uniform allowance, CE allowance, Bi-yearly licensing fees, personal pet health benefits, Aflac supplemental insurance, healthcare reimbursement plans (ICHRA, FSA, HSA).

Location: Spring Green, WI (located 40 minutes west of Middleton on Hwy 14) **AND** Mazomanie, WI (located 25 minutes west of Middleton on Hwy 14).
